

Infant March 2025

Here we go with a brand-new month, and with it comes a brand-new opportunity to explore and grow for your little one. As we “March into Spring,” your infant will experience the wonders of the changing season as we continue to shower them with love and individual attention.

First, we'll take a week to celebrate Dr. Seuss's birthday, as we bring his books to life for this newest generation. Your child will enjoy the special reading time as they hear the rhyme and the message.

Your child will also have the opportunity to experience the sensation of March winds. Birds and butterflies, spring things, and interesting insects are all in store for your child during this wonderful month!

Happy St. Patrick's Day!
